NOTE: The fullstops and other signs in parentheses are put by the translator. The author does use such signs very rarely. Therefore, the sense of this writing, in case that he has thought of these signs on different places, might be wrongly translated. The words in parentheses are also from the translator, except in one case where author's parentheses are indicated by "(())".

(After) 200 years of existence of Russia the House of Romanov's could not hold on on the throne(,) was thrown by the Communists(,) all the family was shot (and) this because they dandled the communist chieftains(,) exsiled them(,) they received salary and even continued communist activities(.) Lenin(,) Trotski, Stalin (,) Karm (and) Zinoviev (should have been) shot or hanged(.) Nations perished because of such error and still are perishing. The country which understands the Bolsheviks is the Turk Government which strongly punishes (follows a row of incoherent words), in 20-th to 21-st years Kemal Pasha said to ^{Ex-}General (sic) MARK ARTUR (: danger is threatening from the Russian Communists to all the world. China turned communist (,) whether this is pardonable(.). During 25 years Red Russia tried and gave any kind of help to make (China) red (,) and succeeded whereas the free world left /sic/ CHAN-KAYSHEK to the mercy of fate(,) and now there is nothing to do(.) China is frightful not only for Europe (and) America but also for Red Russia(.) Stalin said (that) we work and have success with uncultured and poor countries(,) when China, India and the Orient will be ours (then) in our hands will be (also) Europe and ~~the~~ America.

The case of Suez Channel should have been crowned with destruction and annihilation of the Bolsheviks in the Orient(,) but it ended in contrary with exultation of Kchrushchev ((even not permitted (or decided) (by) Hammerskiold and comm)) (incoherent).

(In) The case of Hungary the Communists shed blood for nearly two month (,) crushed children and women with tanks (,) crushed and annihilated Hungarian inhabitants.(Sic) KAZI HODYA and his collaborators (followes incoherent part:)where word of Russian hangmen destroyed them in view of all the countries which so (intensely) watched after them (.) The red hangmen don't consider anybody they work and keep quiet.

In 1951 I told to everybody in the Orient that the Bolsheviks entered(,) they must be destroyed, I said to /sic/ KLUB PASHA what will happen in Amman(,) I proved to (sic) SAID PASHA and (sic) BANDZHAT TALHUNI what will happen (,) happened in Amman and is not yet finished. What saved King Hussein (follows incoherent part of the sent. if he were not young his (stricken beginning of a word) he could not have been as lucky (and his) bellfocosity (helped him))but there is still peril threatening him and after finishing Lebanon Trans-Jordania will be in row to be taken by the Bolsheviks. and no army will save it. There is no rescue when the nation arises(,) but the West does not understand this.

~~After~~ When Trans-Jordania will be finished, the sequence will go to Iraq. Nuri Said is the only man in Orient who is against the usurpators (,) but it will be late already(:) he and his army will do (achieve) nothing(.) The expansion of the Republic of Nasser and Kchrushchev will move to Alger, Tunis, Morocco and farther.

This is how the the Bolsheviks work (.) I have experiences from 1919 and 1920 (:) what I saw and thought (that) happened, came true. If Khrushchev could he would crush all the world today (but) he can't do this (.) He knows well that he has strong enemies inside, like Poland, Roumania, Hungary, Czecho-Slovakia, Bulgaria, Latvia, Lithuania (,) all these states, even Communists (,) hate Russian interveners (,) but they (these states) were caught (,) (have) fear (,) and Khrushchev destroys them piecemeal. Stalin has said (:) whoever will be with ~~the~~ America in the 3rd war (,) he will win (.) But the West sees well the grave being dugged (,) however (,) it looks at this cold-bloodedly (coolly). Squeeze the Bolsheviks (,) don't give (them) any opportunity (to win by) cold war then (,) perhaps (,) the East could get his. Take the question of Lebanon (.) I personally lived 22 years in Orient (,) in Lebanon, Syria, Trans-Jordan. Two years ago I knew what had to happen when the Syrians fortified the border to Lebanon (,) prepared volunteers for the revolution in Lebanon (.) Everybody laughed (.) I personally sat 3 days in Syria (,) in Headquarters (and I) saw 4 Russian officers who worked with them (,) Of course (,) Syria and Egypt are in hands of the Bolsheviks (,) 50% of revolvers (are) Syrians and Palestinians (,) also most of the ammunition is coming from there (,) on orders of Khrushchev and Nasser.

However (,) Hammarskjöld explained after investigation (by) the U N (that) there are no fighting foreigners in Lebanon (,) what a trump for Khrushchev and Nasser (,) even if there were not (,)

(this) should not have been announced for red executioners who themselves(,) the Lord knows what they ^(do to) ~~use~~ with other nations(,) It is a big error(,) If U N does not help (,) Beirut surely will not hold out against 25 (illegible word) and it must surrender to red hangmen, this is an error and a grave one(,) Lebanon will perish.

I personally ^{Dr. Dimq} living some years in Lebanon ~~hangmen~~(,) familiar with their pleasant methods(,) Lebanon was always open to all the nation(,) Lebanon (the) pearl of Arab countries should not fall into the hands of the red hangmen. Therefore I(,) living in (a) free country(,) having) recently come from Lebanon(,) I consent to go back ((of course leaving my family here)) and to help against the terrorists and blood-suckers Kehrushchev and Nasser. I propose following conditions to the Lebanon Government if they like to be freed of these hangmen (,) I can do this in 25 to 30 days, they (the reds) will be cleaned out from Lebanon territory(,) and possibly also from Syria. However(,) for this the consentment of the President of the Republic ~~and~~ and of the Commander of the Lebanon Army (,) General /sic./ SHAABON (is necessary)(,) If Lebanon changes from /sic./ SHAMAUN then Lebanon is lost for the West(,) If in Lebanon on place of Chamoun will be General /sic./ SHAAB then one can think that it is possible to save, but the Communists, nevertheless, will do him an ill turn and will deceive him(,) Therefore discipline is necessary(,) I (and) 2 - 3 people going from here and one from Jordania(,) I tell you(,) gentlemen(,) (I) will clean all Lebanon from the bandits. All our program will be discussed with General /sic./ SH, the President of the Republic(,) Five days after our arrival the fights will start, however the army must be at least 3000 men (strong) fully equipped

and with stores of weapons(.) I th (probably:think) that if there is not enough ammunition in Lebanon, the USA, England and France will send them(,) needy (people) even by airplanes.

I am writing this to: the President of America(,) the Head of Government of England Macmillan(,) to General De Gaulle (,) the King of Iraq and Jordania and to the Turk Government.

I say Lebanon will free itself by its own strenght and will not be a colony of Abdul Nasser and Kehrushchev(.)

Receiving a positive reply two-three men are ready to start from here and we will fight against red hangmen ~~up to the end~~ (those last words were stricken).
